Blinds: We clean heavy-duty blinds, but light plastic and metal blinds are prone to breaking, so we do not clean them. We recommend replacing heavily soiled blinds as that is usually cheaper and looks better than trying to clean them.

Furniture: Due to insurance and safety requirements, we do not move heavy furniture such as sofas, sectionals, and appliances, but we will move light furniture that is not breakable.

Votives & Lights: We do not remove glass due to potential breakage, but they are cleaned.
